Letter to Our Readers

February 3rd, 2016

The following information concerns the future of Lemon Scans including how we will be handling our series.

Good Evening,

As you all may know, chapter 9 of Grisaia no Kajitsu L'Oiseau Bleu was released exactly 5 months ago. As per our policy in scanlation, we prioritize the quality of our scans over the speed at which we release. However, 5 months is far too long to wait for a new chapter, and despite our continued attempts to accumulate staff that we essentially need for not only this project, but for all of ours, Mirrormn and I have made the decision to forego certain luxuries in our scanlation until the time comes where we have the staff available to retrofit these luxuries with our chapters. These mostly include sound effects, but as time goes on, we may provide other changes as we see fit. In order to provide this however, it is necessary that we gain the staff for the required positions. If you read all of our series, you may have noticed that we have been receiving help from outside groups, such as Village Idiot and Underdog Scans. While we greatly appreciate their help, almost unbelievably so, I do not want to rely on them forever, and I highly doubt that they would like that either. Therefore, the position we are looking to fill is that of an experienced cleaner who can also redraw sound effects. It is highly important that we fill this position so that we don't end up with a 5 month delay again in the future. If you think you can fill this role, please stop by our website at lemonscans.wordpress.org and click on the apply tab, or visit us on rizon at #lemonscans. If you do come to IRC, send either me or Mirrormn a message and we will guide you from there.

We look forward to bringing you more quality work in the future.

~MaxLemon

Yo.

This weather's not supposed to get too bad until tonight.
Be careful if you're going out.

That is my job, after all.
Are you planning to keep tailing me?
I don't need a bodyguard, so please, don't follow me anymore!
I told you that was enough, didn't I?
After everything I said, did you still not understand?

The important thing is that my office, after objectively considering your position, has determined the necessity of an escort in order to–
Sorry, but
what you deem as necessary doesn't really matter to me
Guess that means I'm leaving too

Kind of a pain in the ass, yeah?
I get that this all has something to do with Yuuji's job, but...
It must be hard for Yumiko, having him follow her around even after she's begged him not to.
Why the heck does Yumiko need a "body-guard", anyway?
It's not like she's actually in any danger, is it?
I mean, I guess I did hear that she's supposed to inherit a lot of money or something
Yeah, I guess.
There may be some factors we don't know about, but I doubt Yuuji or Sakaki-san are going to fill us in
GRAWR
Yeah
Well...
GRAWR
It feels as if there's nothing we can do but keep a watchful eye over them.

Ah, yes.
Let's just hope there aren't any casualties while we're watching.
Michiru-sama,
as you seemed to be uniquely perplexed by that statement, I would just like to make sure,
you do understand that the word "casualties" refers not to incidences of people being friendly with each other, but rather deaths on a battlefield, correct?
I know that! I understood that perfectly!
I just...
WASN'T QUITE SURE EXACTLY WHAT SHE WAS REFERRING TO, THAT'S ALL!
...So you didn't understand at all

GLANCE
I said, there's no need for that.
but I have no need for a bodyguard.
I don't know what my father told you.

I told him there was no need.
and yet...

Don't worry. I do at least have some manners.
Day after day, whenever I look up, you're hanging over me!
I make sure not look when you go to do things you wouldn't want to make public.
I can't get a moment's peace!

IS A VIOLATION OF ANY KIND OF REASONABLE MANNERS IN THE FIRST PLACE! WHY CAN'T YOU UNDERSTAND THAT!?
THE FACT THAT YOU WOULD EVEN SAY THAT
This "danger" you keep telling me I'm in is completely-
Not to mention!

These guys look like they'd rather fight than talk.
H-hey. Who are those people?
Sakaki
Make yourself as small as possible, and get behind me.
Wh-
Why?..
Don't argue, just do what I say.
Although, if you want to be kidnapped by this bunch, that's a different story.
Wait, don't tell me
you're planning to-!?

I was under the impression that you had entrusted the matter to us, but just recently, I received a report that the plan had been forcibly changed
It's in regards to your daughter

Your "plan" to merely command your dog to sit and watch was not bearing fruit
I expected that you, as an administrator, would be more than used to a bit of client intervention

If you want to talk, just go ahead.
I'll be happy to listen.
